PROFESSIONAL SUMMARY

MERN Stack Developer with 2+ years of freelance experience building and shipping production-ready full-stack applications. Specialized in React.js, Node.js, REST API design, and responsive UI development — with a track record of 10+ delivered projects across e-commerce, landing pages, and content platforms. Passionate about clean code, performance optimization, and turning ideas into polished digital products.

EXPERIENCE

Frontend Developer — [Go.Go.Grow](#) | April 2026 – Present

Developing responsive and high-performance frontend interfaces across various client projects using modern frontend technologies.
